

## **REACH Policy Statement**

Netcom, Inc. fully supports the objectives of the European Union regulation regarding the June 1, 2007 Registration, Evaluation, Authorization and Restriction of Chemicals (REACH). As such, Netcom requests information from its suppliers to ensure compliance with regards to the specific Article 33 of the European REACH Regulation N 1907/2006.

Pursuant to this effort, Netcom is continually reviewing the data and supporting information for its products which are directly impacted by REACH. Based on available information and analytical data from our suppliers, Netcom's products do not contain Substances of Very High Concern (SVHC) in an amount which approaches the predefined thresholds within REACH. Netcom will support the use of its products in all applications, within the limits imposed by REACH.

Sincerely,

Nick Mellas  
Director Supply Chain

Kevin Umphress  
Director Quality Assurance
